State Law Library: 502-564-4848

We understand the layers of AOC may be difficult to navigate. We hope this index of services, along with the AOC functions list, will help you determine which department needs to be contacted for each type of service. The general manager's name is listed next to each department; however, they may not be the direct person that will assist you and may not always be reached on the first call. If they are unavailable, please dial 0 and ask for the department and they will provide you direct assistance to that service.
